Not Desert the Ship.

John Rodgers, assignee of the Merchants and Mechanics' Building and Loan Asso-ciation of Allegheny, vs Henry Brooks et 'al., is the title of a suit which has been heard at great length before the Master, and Mechanics' Building and Loan Assoheard at great length before the Master, John H. Kerr, Esq., and Mr. Kerr has com pleted his report in the case. It is of engrossing interest to all members of such as- as when new. sociations who have any suspicion that their nffairs are not wisely conducted. The asso- truth ciation was incorporated July 16, 1869, under the law of 1859, and continued to do business for seven years. The par value of the shares was \$200, and it was expected to run its course in eight years. But it stranded, and on You can have your choice at P. C. C. C. of

instead, August 12, 1882. Now on June 25, 1875, a resolution was passed by the Board of Directors, and assented to by some stockholders, and dissented from by others, by which borrowing stockholders were allowed to anticipate payment of their loans, and non-borrowing stockholders to withdraw borrowers and stockholders did so, and the association surrendered securities and paid out funds until it was discovered that it had not been supposed to be. A large number of advantage of this one-day sale.

LIABLE WITH THE OTHERS. Prior to making the deed of assignment many of the stockholders had given notice of withdrawal, and, as the association at the date of many of such notices had ceased to hold meetings or keep records, no record was kept of such withdrawals. Some seceders had been

paid, and thus had prior to the assignment It is held that as a matter of law all losses should be borne proportionately by all stockholders, and that the amounts due the association by withdrawers, as well as what was due from borrowers, are dependent upon the present value of the stock. There was a snark Some who were non-borrowers denied that they were present or assented to the resolution of June, 1876, or were responsible for the results. Some non-borrowing defendants neither admitted nor denied, but virtually admitted all the other averments in the plaintiff's bill, and joined in the prayer to have the matter adjudicated by a court of equity.

As is frequently the case, the association sold loans and the borrowers paid premiums thereon. The master cites much law and many rulings on similar cases, and decides that it would not be equity to compel these borrowers to pay the premiums, as the association did not perform its part of the contract, and in brief It is held that as a matter of law all losses

to pay the premiums, as the association did not perform its part of the contract, and in brief his finding is that all should share equally in profits and losses, and some, who ought to be made contribute, caunot be made do so, as the statute of limitations would intervene.

William Walton filed his account July 15, 1882, which shows that all the large creditors were paid, and a balance of \$1,225 40 was paid over to his successor, Rodgers.

GOVERNED BY CIRCUMSTANCES. As the association practically ceased to do business after January 7, 1878, the question arises whether withdrawn stockholders, unpaid at the date of the assignment, be treated as general creditors, and be paid the value of their stock at time of withdrawal, or have any prior-ity of claim over stockholders who stuck to the ship. The withdrawals stuck to the ship. The withdrawals were made at a time when the association was office of the Eureau of Health, No. 7 Seventh in the throes of dissolution and withdrawers should not be allowed any preference, and it is held that non-borrowers are not entitled to anything more than borrowers, although, as contended, the borrowers were in the majority and had control. The ground taken is that the Board of Directors represented all the members

J. O. BROWN,

Chief of Department of Public Safety. should not be allowed any preference, and it is Board of Directors represented all the members of the association, and beside, the assignee is a non-borrower, and his acceptance of the trust, if not a ratification, is at least a sanction of the validity of the assignment.

Stripped of the premium question, etc., the balances due from borrowers will meet non-borrowers' claims and still leave a profit, or surplus, of \$1.91 per share to each of the 288 shares of stock. The value of the stock January 1, 1878, was \$106.16, all expenses paid, and its value now is \$125.67 per share. It is recompended that borrowers account for money actually received, and that among those who are caught and cannot escape, the best thing to do is the right thing. There are no general creditors.

The master therefore recommends that a de-cree be made that the borrowing stockholders shall pay to John Rodgers, assignee of the association, the balances owing by them re-spectively, and that upon such payments being said assignee shall satisfy mortgages given by them, respectively, to the associat

NEW ADVERTISEMENTS. OUR LITTLE SON, Four years old, afflicted with a painful skin disease. Six doctors tried to cure him; all failed. Got worse and worse. Com-pletely cured by one set of Cuticura Rem-edies, costing \$1.75.

Our little son will be four years of age on the 25th inst. In May, 1885, he was attacked with a very painful breaking out of the skin. We called in a physician, who treated him for about four weeks. The child received little or no good from the treatment, as the breaking out, supposed by the physician to be hives in an aggravated form, became larger in blotches, and more and more distressing. We were frequently obliged to get up in the night and rub him with soda in water, strong limiments, etc. Finally, we called other physicians, until no less than six had attempted to cure him, all alike failing, and the child steadily getting worse and worse, until about the 20th of last July, when we began to give him CUTICURA RESOLVENT internally, and the CUTICURA, and CUTICURA SOAP externally, and by the last of August he was so nearly well that we gave him only one dose of the RESOLVENT about every second day for about ten days longer, and he has never been troubled since with the horrid malady. In all we used less than one half of a bottle of CUTICURA, and only one cake of CUTICURA. CUTICURA, and only one cake of CUTICURA

MARKED AWAY DOWN!

KAUFMANNS'

BALANCE OF LADIES', MISSES' AND CHILDREN'S

Cloaks, Newmarkets, Modjeskas,

Wraps, Jackets, etc.,

FOR LESS THAN COST.

Ladies, it will pay you to buy now for future use. Kaufmanns' are determined not to carry a single garment over, and will sacrifice the latest and most popular styles at greatly reduced prices. Not less than 33 per cent, and, in many instances, fully 50 per cent can be saved on purchases made during this week. This is not one of your "stale, meanngless drygoods house sales, where much is said, but little done," but a positive, downright clearance sale of tailor-made Newmarkets, Modjeskas, etc., at prices that hardly pay for the cost of the making of the garments, leaving the materials entirely out of the question.

Our Reductions in Seal Plush Garments,

if anything, have even been worse than in cloth goods. You can come right in now (any hour of the day) and select one of our celebrated Lester's English Seal Plush Sacques, Jackets, Wraps, Modjeskas or Newmarkets for less than the cost of manufacture. This is a chance that never will present itself again, and, if you appreciate a good investment, Ladies, you will come to Kaufmanns' Cloak Department without delay and take advantage of this unparalleled clearance sale.

STARTLING REDUCTIONS Misses' and Children's Cloaks.
